Or call 01689 861398

The Club prides itself on being 'small and friendly' and welcomes photographers of all levels. The Club offers a variety of evenings for the local photographer with lectures, practical's, Audio-Visual presentations and competitions plus the chance to compete against other clubs.

The Club has members of differing abilities with workers using image manipulation, producing their own images or commercially produced entries, plus other members who just enjoy photography. The Club encourages all members to produce work whether for comment, advice where requested or for competition.

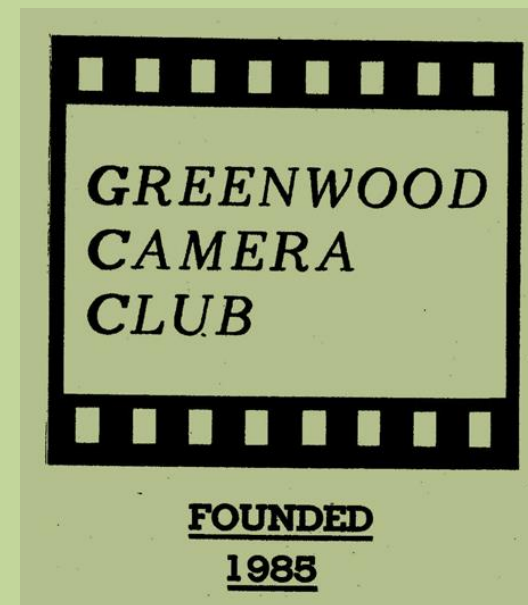

If you are interested and want to see what the Club can offer, please contact the Secretary or visit us on a club evening – you are welcome to come along for a few evenings to see if it is for you before becoming a member.
